Dear Interested Party:

The Alturas Field Office Land Tenure Adjustment Plan was approved in March 2002. We recently reviewed and updated the project priority list based on new information and the potential for public land management benefits. The revised priority list follows:

Land Tenure Adjustment Prioritization List – Exchanges, Sales, Acquisitions

1. Pit River Canyon WSA Access
2. Transfer Station Disposal
 - a. Adin Transfer Station
 - b. Davis Creek Transfer Station
 - c. Likely Transfer Station
3. Pit River/Hat Creek Confluence Acquisition
4. Scorpion Point Exchange
5. North Ash Valley Exchange
6. Infernal Caverns – Green Valley Acquisition
7. Nelson Corral/Smith Reservoir Exchange
8. South Ash Valley Exchange
9. Pit River Lodge Exchange
10. Parks Ranch Exchange
11. Round Valley Exchanges
12. Mendiboure Ranch Exchange

This priority list remains subject to periodic review and updating.

Processing individual land tenure projects requires completion of specific environmental analyses as well as other actions required by law. The BLM will work on as many projects as possible within funding and personnel constraints. However, each project has the potential to be complex with a lengthy timeframe.

Should you have any questions, please contact Emily Ryan, at (530) 233-7907.

Sincerely,

Timothy J. Burke
Alturas Field Manager
